

OFFICE OF THE DISTRICT & SESSIONS JUDGE :: BAKSA :: MUSHALPUR

ORDER

20.06.2020

It has been experienced that the recommended platform for video conferencing to hold Court viz. 'VidyoDesktop/VidyoMobile', at times creates problems.

In view of the above, 'Google Meet' can be used as an alternative to 'VidyoDesktop/VidyoMobile' along with 'Jitsi'. The counsel or the party should install the mobile version of it from 'Play Store' or directly use a updated web browser (Preferably Google Chrome /Firefox) in their laptop or desktop computers and log into 'Google Meet'. The meeting id may be collected from the concerned nodal officers along with the ICT department preferably two days before the date of the case.
